January - 2018*

***FROZEN FINGER FUN FLY!***

## ***WELCOME TO 2018!***

We have completed another circuit around the sun and 2018 is here! So far it has been a bit chilly, but we have not had any significant snowfall.... which I am certainly not complaining about. A great time was had by all at the Frozen Finger Fun Fly, the HSRCC's signature 'opening day'. I guess this is the time of year for the infamous 'New Year's Resolutions', so here is mine: My goal is to approach every moment of every day as a new opportunity to grow, to build, and to help others. I wish every one of you a very happy, healthy, and wonderful 2018.

-Dave Triano

## ***THE FROZEN FINGER FUN FLY, 2018-***

I couldn't wish for much better weather for flying for the 2018 Frozen Finger Fun Fly. I saw at least two guys flying in T-shirts, and I even had to take a few layers off myself. Even the wind stayed down for us. If you missed it, you missed a great day of flying.

I estimated there were around forty pilots and around fifty airplanes. There was a gaggle of WW II planes including a couple of Corsairs, a couple of Mustangs and even a Piper L-4. A Skyhawk represented the jets with electric ducted fan power.

## ***THE FROZEN FINGER FUN FLY, 2018- continued***

In addition, lots of electric foamies, big and small. Besides EDF power, there was gasoline, glow and electrics. I saw a drone flying and even a Radian sailplane joined us. In addition there were a few multiple motored electrics around and a flying wing made its presence known. Pilots were from Carson City, Reno and a token pilot from Gardnerville. Spectators included pilots as well as other guests.

***THE FROZEN FINGER FUN FLY, 2018- continued***

**It was brought to my attention that this was our 17th FFFF. I guess that some traditions are good to keep going as many participants seem to enjoy themselves. With that in mind, we might as well have positive thoughts for next year.**

**As in past years, there are many people to thank for helping. Vince Euse and Steve Panter manned the cooking and set up chores, hoped you liked the chili like I did. Steve helped moved chairs and his wife did a great job on the cookies as usual. Lance helped supply coffee, Paul helped raise the flags, Sully took down the flags, and Mrs. Fuller manned the hot chocolate thermos chores. I also want to thank the Club for promoting this activity.**

**Thank you all for coming. Have a Happy New Year and great flying. Gary Fuller**

**LANCE'S LATEST VIDEO:**

Here is the link to lance's latest video from our own Frozon Finger Fun Fly”

**THE NEXT HSRCC MEETING IS TUESDAY, JANUARY 9 AT THE EL AERO BUILDING, 6:30 P.M.**

**IF YOU HAVEN'T ALREADY DONE SO, PLEASE GET YOUR 2018 HSRCC DUES (50.00) IN TO FRANK GOMEZ AS SOON AS POSSIBLE.**

**HAPPY NEW YEAR!!!**

**And of course.....**

**HAVE  
FUN!**
