

**Next Meeting - Tuesday, September 11th at 6:30 p.m, upstairs in the El Aero Main Building - 2101 Arrowhead Drive, Carson City, NV 89706**

The club held it's annual picnic, Saturday August 25th. By most accounts it was our biggest and best one yet. We had over 60 planes on the flight line, and most of them flew. Club members from the Sierra Sagebrush Flyers and High Desert Radio Control Club attended in large numbers as did the Sierra Silent Soarers, which our club greatly appreciated. We brought out all our folding tables to extend our flight line.

Not only was the weather and flying terrific , the food was outstanding too. Once again, Tom Howell manned the grill and kept the burgers and dogs cooking. Harold Siegfried kept the food line organized with an iron hand. Many thanks to Tom and Harold for their hard work. The were great contributions to the food line including delicious salads, baked beans, and sweets for the sweet and we want to thank all of those who contributed.

The picnic was a great prelude to our upcoming Open House on September 29th. We are going to need the support of as many of you as possible. Although there will be about the same number of flyers, there will be the addition of a large public attendance. We will need you to help with traffic, parking, and collection of donations for the Guest House. -BJ

The flight line was long and full, but when the food came up activity definitely shifted to the food line. A beautiful day, burgers and ice cold watermelon. What more could you wish for? I can't wait until next year.

As our club's present President, I was glad to welcome presidents Jim Kelso of the Sierra Sagebrush Flyers and Brad Amussen. Our past President Les Harris stands by on the flight line. Also I want to thank Sherry Siegfried for taking over raffle sales. We collected \$100.00 for the Guest House on this great day. Continued

**Just for fun....** Harold Siegfried, Don Morse, and myself went up to Reno for the Nugget's annual Rib Cook-off and volunteered to work for the Veterans Guest House. Our hourly wages and all gratuities we earned went to benefit the House. It was a lot of fun, so you might want to consider it next year. They also work for Hot Autumn Nights, if you are interested.-BJ

Don was in charge of the cash register and checking ID's. If you moved, Don found out how old you were. Harold handled the side bars with soda, water, and vino. All day, he never touched a drop.

Lucky me... I got to pull the beer; and I never touched drop either, at least not until the very end. Noreen Leary Chief Operating Officer of the Guest House stopped by from time to time to make sure we stayed on the "straight and narrow". Noreen looks forward to coming down and participating with us at our upcoming Open-house.-BJ

**On the Cover...** Jeff Weisend lands his fantastic DC-3. Absolutely scale flying electric twin with retracts. Jeff is a superb modeler, for sure.
