

Special Insert
The 2014 Roll-out Party and Chili Feed

It's not possible to list all of the aircraft in attendance at this year's event in the newsletter with a picture. Many thanks go out to Harold Siegfried for making all of the pictures at the event and to Gary Fuller for taking the time to document all of the activity. Without their help, this Newsletter would not be possible.

Here is a list of all of the participants and the planes they brought and flew. Thanks to you all.

Bob Jones, Newsletter Editor
