November 7	Turkey Shoot	Paul Ciotti
December	Christmas Party	Board
January 1	Frozen Finger Fun Fly	Gary Fuller

“Float Flying” (Weather Permitting): Although not a Club sanctioned or sponsored event, a number of flyers travel to area lakes for float flying when the weather warms up. This usually happens on Thursdays and often is at Washoe Lake State Park (note there is a \$5.00 Nevada State Park Daily Entry Fee). **Lead Contact Gary Fuller- phone: 775-841-3509 or email: fuller.g63@aol.com to find out if and when/where these flyers will meet.**

“Flying At Dusk” or “FAD” Fun Fly (Weather Permitting): This usually will be a biweekly event held at the Pony Express Airpark when the weather warms up. Light up your plane with LED Lighting Kits. Easy to install or get readymade “night flyers” such as the E-flite Night Radian 2.0m PNP. **This will most likely be held on Wednesdays – Lead Kirk Stockham**
